OMI Satellite Symposium on Diagnostic Imaging, Sep. 20-21, 2019

The Satellite Symposium on Diagnostic Imaging was jointly organized by the Hungarian Society of Radiologists, Hungarian Society of Radiologists Youth Committee, and the Open Medical Institute.

Over the course of two days, OMI Faculty members Prof. Lily Belfi (Weill Cornell Medicine) and Prof. Franz Kainberger (Medical University of Vienna) visited the Semmelweis University in Budapest and shared their knowledge and expertise with colleagues from all over Hungary.

A detailed report on the Symposium, written by OMI Fellow Dr. Máté Cs. Jánvári, can be found here.
