OMI VISITING PROFESSORSHIP
In Obstetrics & Gynecology
Almaty, Kazakhstan

On **April 14 - 15 2017**, the OMI Visiting Professorship in Obstetrics & Gynecology took place at the Scientific Center of Obstetrics, Gynecology and Perinatology in Almaty in collaboration with the Vienna Medical University (Vienna, Austria) and the Educational Center "Bilim-Central Asia".

The lectures in the conference were presented by Professor Christian Dadak, Department of Obstetrics and Gynecology at the Medical University of Vienna (Austria). The topics of the OMI Visiting Professorship focused on the problems of perinatal care and lifestyle during pregnancy.

The OMI Visiting Professorship provided faculty and the participants an opportunity to share their experiences. All of the lectures were followed by a lively discussion. The feedback from the participants was overall positive who appreciated the interaction a lot.

In total, 135 doctors participated in the lectures and many of them are AAF OMI alumni.
