SALZBURG WEILL CORNELL SEMINAR
DIAGNOSTIC IMAGING
Sunday 14 October – Saturday 20 October 2018
Schloss Arenberg, Salzburg, Austria

Course Director: David W. Trost, MD
Co-Course Director: Franz Kainberger, MD

SPEAKERS AND TOPICS:

Suzanne E. Anderson, MD, PhD
Professor
Department of Radiology
Kantonsspital Baden
Baden
Switzerland

- Bone and Soft Tissue Tumors

Pascal Baltzer, MD
Associate Professor
Department of Radiology
Medical University of Vienna
Vienna
Austria

- Digital Breast Tomosynthesis, Digital Mammography and Ultrasound
- Imaging of the Prostate: Active Surveillance and Watchful Waiting

Lily M. Belfi, MD
Associate Professor of Clinical Radiology
Division of Emergency/Musculoskeletal Radiology
Weill Cornell Medicine
New York
USA

- Clinical Approach to Pediatric Imaging
- Patient Safety and Professionalism: Educational Resources for Training the Next
- Stones, Bones, and Abdominal Moans: An Interactive Case Review
- Patient Safety and Professionalism: Physician Wellness and Burnout
Joseph Comunale, MD  
*Associate Professor of Clinical Radiology*  
*Neurologic & Head and Neck Imaging*  
*Weill Cornell Medicine*  
*New York*  
*USA*

- Demyelinating Diseases
- Skull Base and Temporal Bone Imaging
- Spinal Imaging
- Brain Tumors: Approach to Imaging Interpretation

Benjamin Halpern, MD, MBA  
*Specialist of Radiology*  
*Division for General and Pediatric Radiology*  
*Medical University of Vienna*  
*Vienna*  
*Austria*

- Hybrid Imaging: From PET-CT to MRI-PET

Florian A. Huber, MD  
*Physician*  
*Institute for Diagnostic and Interventional Radiology*  
*University Hospital of Zurich*  
*Zurich*  
*Switzerland*

- Ultrasound Workshop

Franz Kainberger, MD  
*Deputy Chief*  
*Division of Neuroradiology and Musculoskeletal Radiology*  
*Medical University of Vienna*  
*Vienna*  
*Austria*

- Patient Safety and Professionalism: Radiation Dose Optimization
- Metabolic Bone Disease and Body Composition
- Patient Safety and Professionalism: Structured Reporting
The Lung Nodule: What To Do
Pneumonia: Infectious, Inflammatory, and/or Neoplastic
Interstitial Lung Disease: A Pattern Approach
Cardiac CT: Coronary Anatomy, Atherosclerosis, and Anomalies
Cardiac MRI: Myocardial Delayed Enhancement Patterns
Imaging of the Pleura

MR and US Neurography

Swallowing Disorders

Pediatric Ultrasound: Advanced Applications – Simple to Do
**David W. Trost, MD**  
*Associate Professor of Clinical Radiology*  
*Director of Interventional Radiology*  
*Weill Cornell Medicine*  
*New York*  
*USA*

- Image Guided Interventions in Oncology
- Patient Safety and Professionalism: MRI & CT Contrast Safety

**Florian Wolf, MD, MBA, EBIR, EBCR**  
*Deputy Chief*  
*Division of Cardiovascular and Interventional Radiology*  
*Medical University of Vienna*  
*Vienna*  
*Austria*

- Noninvasive Imaging of Vascular Disease- CTA and MRA
